

Title of Request:

Federal Blvd red-light photo enforcement cameras

Amount of Request:

\$165,530

Brief Description of Request:

Requesting two additional photo enforcement at dangerous intersections

Source of Funds for this Request:

Revenue Generated from Photo Red Light Systems

Rationale:

The current decision to move the red-light photo enforcement on 6th Avenue and Kalamath St, will remove RLC enforcement in West Denver. Increasing the funding will allow for photo enforcement to remain on 6th Avenue, while allowing it to expand to one of the most dangerous corridors in Denver – Federal Blvd. With adequate funding the City can approach CDOT again for allowing installation of the system.

Council Member Submitting the Amendment:

Councilman Paul D. López
